Manufacturer Description

One of the lightest mobility scooters on the market, the Genie Ultralight weighs just 12kg and features a compact folding design.

The scooter is Monarch's lightest complete pavement scooter. Designed for maximum convenience without compromising on strength or style, it is crafted from ultra-durable magnesium alloy and carbon fibre. It offers a smooth ride with a top speed of 4 mph and is available in three stylish colours: blue, orange, and grey. The Genie Ultralight is perfect for anyone seeking a lightweight, foldable, and easily portable mobility solution.
